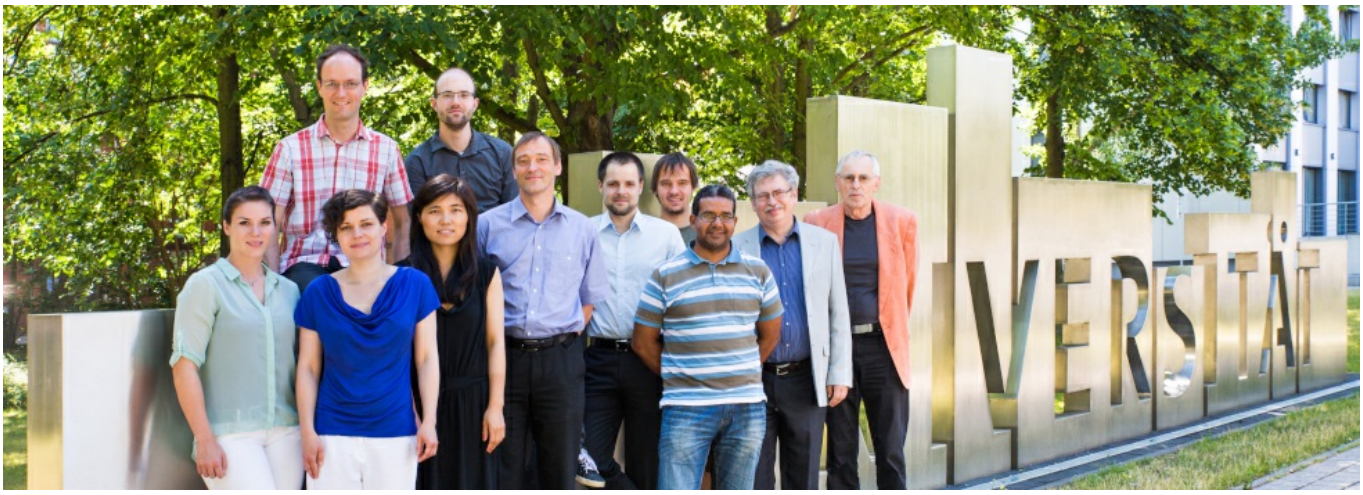
OTTO VON GUERICKE UNIVERSITÄT MAGDEBURG

CHAIR OF ELECTROMAGNETIC COMPATIBILITY



ltifaceted and above all fascinating range of topics that in general
lectronic devices and systems without disturbances and failures.

nted at the chair for EMC at the Otto-von-Guericke University of
research, fundamentals and industrial applications shall complemen

earchers as well as young doctoral candidates with different
osely together in a helpful and pleasant atmosphere. The chair is als
ll EMC chairs at German universities. The outcomes of this are the
ch.

e. It ranges from the teaching of the fundamentals of electrical
ompliant EMC test and measurements to the comprehensive
rest are the description of the stochastic electromagnetic field couplir
s grid or the investigation of EMC effects in magnetic resonance
