

CHAIR OF ELECTROMAGNETIC COMPATIBILITY

What Was Your Motivation to Study Electrical Engineering in Magdeburg?

Background and problem: 'The Otto-von-Guericke-University Magdeburg was founded in 1993 and is one of the youngest German universities. It was formed in a merger of the existing Technical University, the Teacher Training College and the Medicine School. The University now comprises 9 faculties and almost 13800 students and is becoming increasingly important as a centre of education and research. It plays an important role in the regional capital Magdeburg which is developing into a centre of business, scholarship and culture.' says the university's website (<http://www.ovgu.de>) .

Task: Please describe your motivation to study electrical engineering at our university. Why have you selected this course of studies? Why have you selected our university? What was your motivation to come to Germany and what has brought you to Magdeburg? How do you like the studies? How you also thought about going to another university or country? What are planning for the future after finishing your master's program?

Supervisor: > Dr. Ing. Mathias Magdowski ([https://lsf.ovgu.de/qislsf/rds?](https://lsf.ovgu.de/qislsf/rds?state=verpublish&status=init&vmfile=no&moduleCall=webInfo&publishConfFile=webInfoPerson&publishSubDir=personal&keep=y&purge=y&personal.pid=852&noDBAction=y&init=y)
